Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Valley maintains a public website displaying a description of its entire selection of handsets and devices including those that are HAC compliant. Sales staff is trained to assist customers in identifying HAC compliant handsets and devices. Handset packaging inserts or operations manual also provide information. For more information, customers are directed to www.accesswireless.org or other public websites dedicated to HAC education.

Methodology for Functionality Levels

Valley offers HAC-compliant handsets and devices in all major price categories, including low cost C level less than one hundred dollars, moderate cost B level one hundred to two hundred fifty dollars, and high end, feature rich, high cost A level over two hundred fifty dollars. HAC compatible handsets and devices vary in their inherent levels of functionality, but typically at least one HAC compliant handset or device with features and services typical of its price category can be found that meets each customers price range.
